"I have always liked writing and communicating through words to express something. I've been writing since I was a teenager and today the blog is part of my life, part of my profession, part of who I really am. I don't think about just being a professional but I think about being recognized through my work that I do for the underground, for music, for art. And one day, they will remember me as the underground girl, as Morticia, as Satanica, as the passionate and lover she made and dedicated her life to true art.

I want to be immortal for several generations... I want to make other people interested in something good, in something concrete and true. I simply want to live my art, my life as I always dreamed".

OZZY OSBOURNE PERFORMING IN THE NEW SINGLE FROM BILLY MORRISON

In March 21, Billy Morrison youtube channel released a new single 'Crack Cocaine' who performing in partners of vocals is 'Ozzy Osbourne'. Billy Morrison and Steve Stevens are playing guitars.

This lyrical is not about crack, is not about cocaine or another drugs, is about be in loved with a girl, as Ozzy said for Rolling Stones U.S.A. interview: – *“The song isn't about crack. It's about being in love with a girl. But it's more or less what you might think Ozzy Osbourne would do. It's, like, the two loves of my life: drugs and women,”* – said Ozzy.

- Watch the music video 'Crack Cocaine' on @MorrisonProjectVevo (youtube channel);

- Pre -order available on :

<https://ffm.to/themorrisonproject> .

Morrison completes the interview by saying: *"I love Ozzy's lyrics. They're very, very moving and they don't get on your nose. It's about that dysfunctional relationship that we all know and it doesn't feel right. But it's like a drug. You keep going back for more."*

The song was written by Billy Morrison, Ozzy Osbourne and Steve Stevens and came about in a fairly natural process. *"During Covid, I was making music for no reason,"* Morrison recalled. *"I wrote a lot of songs with Ozzy that don't really see the light of day and I'm fine with that: I'm not trying to be Ozzy's songwriter. But [Ozzy's manager and wife] Sharon said: 'This song you have with Ozzy, you should release it as a single and do the whole thing: make the video, do the promotion', which is an extremely generous offer".*

The song begins with bluesy strumming and when Ozzy's voice comes in, dark heavy metal riffs start to sound. It's an exciting, heart-stopping song. - Paris Jackson stars on 'Crack Cocaine' music video.

'The Morrison Project' upcoming album, which is out on April 19. 9

THE NEW ALBUM WILL BE RELEASED IN APRIL 26...

AND TITLED OF "IT BECKONS US ALL"

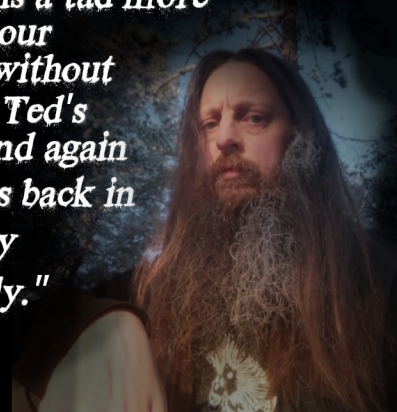

This will be the 21st full album!
 On a teaser video which Fenriz upload in March 14, you can listen some riffs from new album.

"This is Fenriz! We're soon to release a new album with Darkthrone called 'It Beckons Us All'. If you feel the need to understand where this title came from, just take a look at the lyrics of Iron Maiden's 'Children Of The Damned'," explains the drummer, lyricist and (occasional) vocalist of **DARKTHRONE** in this video.

"3rd time's the charm in Chaka Khan!

By now you all heard about Ted shaking hands with me after the album was recorded, pleased as a peach. I am unsure if we talked or wrote about it beforehand but our third time in Chaka Khan studio became a new dimension of collaboration between Ted and me, filling in blanks for each other, brimming with ideas and so It Beckons Us All is a tad more ornamental than usual. It is a further exploration of our own spontaneous live and epic take on heavy metal without really falling in to any category or subgenre. I'd say Ted's songs are proper massive metal in unashful stride and again my songs are a continuation of what Darkthrone was back in 1987-early 1989. Darkthrone is a stamp of authenticity without striving for perfection at all. We just let it fly."

- said Fenriz March 2024

Pre-orders available now but don't panic if you don't see a local store -
more options are being added all the time!

<https://darkthrone.lnk.to/beckons>

TRACKLISTING:

1. Howling Primitive Colonies [06:30]
2. Eon 3 [05:43]
3. Black Dawn Affiliation [06:11]
4. And In That Moment I Knew The Answer [03:17]
5. The Bird People Of Nordland [07:27]
6. The Heavy Hand [04:18]
7. The Lone Pines Of The Lost Planet [10:03]

"A cauldron of old and epic metal beckons thee" Fenriz", 'It Beckons Us All' – the new studio album from Darkthrone will be released into the world on 26 April on Peaceville Records.

"These 7 new tracks are an intense observation of the world around them – exciting and challenging the listener in equal measure, in the way only Darkthrone can. Some of the riffs howl across a gallery of ice and snow while others crackle like a volcano awakening from its timeless slumber. Recorded in April and May 2023 at CHAKA KHAN Studio in Oslo, the same location used for the Eternal Hails and Astral Fortress albums, mastered by Jack Control at Enormous Door, with artwork courtesy of Polish artist Zbigniew M. Bielak".

-Formats available are a Deluxe box set edition, a multitude of LP colours, CD & digitally.

LYRIC: 'CHILDREN OF THE DAMNED'

The Number Of The Beast (1982)

Iron Maiden

He's walking like a small child
But watch his eyes burn you away
Black holes in his golden stare
God knows, he wants to go home

Children of the damned
Children of the damned
Children of the damned
Children of the damned

He's walkin' like a dead man
If he had lived, he would have crucified us all
Now he's standing on his last step
He thought oblivion, well, it beckons us all

Children of the damned
Children of the damned
Children of the damned
Children of the damned

Now it's burning his hands
He's turning to laugh
Smiles as the flame sears his flesh
Melting his face, screamin' in pain
Peeling the skin from his eyes
Watch him die according to plan
He's dust on the ground, what did we learn?

Oh, oh-oh-oh-oh-oh
Oh, oh-oh-oh-oh-oh
Oh, oh-oh-oh-oh-oh
Oh, oh-oh-oh-oh-oh
Oh, oh-oh-oh-oh-oh
Oh, oh-oh-oh-oh-oh
Oh

You're children of the damned
Your backs against the wall
You turn into the light
You're burning in the night
You're children of the damned
Like candles, watch them burn
Burning in the light
You'll burn again tonight
Children of the damned

Listen on Spotify, Deezer, Youtube Music and Apple Music.

ORANGE GOBLIN RELEASED A NEW SINGLE...

LEGENDARY UK METAL GIANTS ORANGE GOBLIN ARE BACK WITH A NEW SINGLE (NOT) ROCKET SCIENCE".

After they released the last album 'The Wolf
Bites Back' (2018) and the Live Album, 'Rough & Ready, Live &
Loud' (2020), they released the single '(Not) Rocket Science' in 2024.
Listen on Peaceville Records youtube channel.

"(Not) Rocket Science" is a matter of fact observation on the human tendency to over-complicate life ... Frontman and lyricist Ben Ward says "It's basically saying that life can be pretty simple and straightforward if you just stop wasting your time and make each day count. Be prepared to work hard, don't expect any hand outs and basically enjoy yourself along the way. When Chris came up with the music he said it needed something that could be delivered in a Bon Scott / Lemmy style and I think it came out really well".
